

Perfect Engineering Quality Policy

An overall Quality Policy articulating senior management's commitment to quality has been devised and approved by the Executive Management.

Perfect Engineering Pty Limited offers engineering services and capabilities that are second to none. The Organisation specialises in providing quality service that includes road and civil engineering/constructions principally for NSW Government organisations. The organisation also provides services in the design and supply of quality structural steel fabrication/erection which includes for aeroplane accessories and application. Our team has years of experience with a network of large and well-established organisations.

The objective of the organisation is to provide a service that meets or exceeds our customer's needs and expectations by providing safe, reliable and optimum cost service delivered on time.

To achieve the above objective and satisfy the customer expectations we continually strive to improve the effectiveness of our company, paying due regard to the health and safety of our employees. Our aim and concern as good Corporate Citizens, is to improve and forward movement in the Australian market by continuing to improve our quality system. Each member of our company is a member of a team striving to achieve these aims, working in a safe manner to meet realistic production and delivery requirements.

Quality management principles are in accordance with the ISO 9001:2015, 'Quality Management Systems - Requirements'. The management system is reviewed regularly to ensure policies, procedures and quality objectives continue to meet the company business objectives. The Quality Manual is supported by documented Quality Procedures and Work Instructions, which communicate the Quality System throughout the Company. Our quality procedures and practices will be regularly reviewed to identify practical improvements.

By supporting the Quality System of Perfect Engineering Pty Ltd we will continue to provide Customer satisfaction and hence Employee satisfaction, consolidating our stability and long term viability in a competitive market.

Any problems that cannot be resolved between designers, suppliers and Perfect Engineering Personnel shall be brought to the Quality Representative attention for resolution.
